

## INTENSIVE FOOT & HEEL REPAIR

### for Dry Cracked Heels & Feet

A professional line of luxury skin care products containing Macro  $\beta$  Complex<sup>®</sup>, a botanical element extracted from the cell wall of an oat and refined using our proprietary medical technology. Recommended by physicians and endorsed by medical professionals to repair and restore dry and damaged skin for ultimate skin health.

**Dermatologist tested, fragrance-free and dye-free.**

**Ingredients:** Petrolatum, Mineral Oil, Paraffin Wax, Purified Oat Beta Glucan, Cetyl Esters, Methyl Paraben, Propyl Paraben.

**Description:** Intensive Foot & Heel Repair with Macro  $\beta$  Complex is highly concentrated and specially formulated to nourish and soften dry cracked heels and callused feet. Prone to rubbing and friction, the skin on the feet is thicker and can easily form painful calluses. BREVENA Intensive Foot & Heel Repair softens calluses and soothes painful fissures and cracks by intensely moisturizing this severely damaged skin. Macro  $\beta$  Complex provides an invisible and occlusive seal to deeply moisturize and protect your skin, reducing skin discomfort, irritation, and dryness.

**Directions for Use:** Cleanse and dry feet. Apply a thin layer to skin, paying special attention to dry, rough, irritated areas. Gently massage until evenly distributed. Absorption may take up to 15 minutes and will melt into the skin. Use daily for desired results. As calluses soften and fissures are soothed, continue to use Intensive Foot & Heel Repair two to three days per week, or as needed, to maintain soft skin and promote foot health. For best use, apply before bed.

**Warning:** For external use only. Use only as directed. Discontinue use if irritation occurs.

**Clinical Results:** Our clinical study\* of 31 subjects indicates:

- 100% showed improved skin texture
- 100% showed improved skin hydration immediately after a single application
- 100% showed improved skin hydration after 1, 2, 4 and 6 weeks of use
- 100% of participants agreed that the product left their skin feeling softer

\* Study performed by an independent clinical testing facility. Information on file.

**Product Review:** Intensive Foot & Heel Repair with Macro  $\beta$  Complex is a direct extension of uniting proven medical science with beauty for optimum skin health and hydration. This ingredient has been used successfully for over two decades managing severe skin loss in burn centers around the world, and is still in use in hospitals today. Trusted and endorsed by the medical field, BREVENA has introduced Macro  $\beta$  Complex into all of its luxury skin care products.

Suggested Retail Price: \$49.00 1 FL OZ / 30 ML

*Our legacy heals burns. Imagine what we can do for your skin.*
